

we are writing regarding K-LOVE (heard locally on 106.7).we (and our children) listen to this radio station daily. It provides community information (upcoming events, news, etc.) in addition to uplifting and CLEAN music and commentary. We also provide some small financial support to the station because we believe so strongly in its message and its effect on its listeners. If K-LOVE were taken off the air, it would adversely affect many, many listeners by depriving them of one of the very few decent radio stations. We believe that it would NOT be in anyone's best interests to replace this station by any LPFM. Thank you for your time and favorable consideration of our comments.
